

My Manifesto for St Edmund Campion (Yellow) House

Hello. My name is Alfie Simmons and I think that I would make an amazing house captain. I would love to be a house captain for St Edmund Campion because I would love us to win at sports day, house points and everything else! I will do this by encouraging you to try your best and put all your effort.

What are my qualities?

I think that I am:

- Helpful to anyone who needs help.
- Accurate at counting house points.
- A good role model to younger children.
- Caring to anyone hurt or lost.
- Responsible for my duties.
- Kind to everybody.
- Organised for future plans.
- **AND BEST OF ALL A WINNER!!!!!!!!!!**

How will I be a good house captain?

First of all, I will never forget my responsibilities to count house points because I will enjoy it and think about my house. I will also never rush. I have a school council experience so I will take my responsibilities seriously and never stop coming up with ideas. I will look after everybody from reception to year six. I have a loud voice for assemblies so people can hear who has got the most house points and which house has got the most house points. Finally, I don't mind missing lunch and break to count house points and I am hardly ever ill or late.

Good bye and remember when you are voting 'vote for me to see yellow house win!'
