

My name is Daisy and I would love the opportunity to be the house captain for St Thomas More. I have been at the school for 6 years & I have watched other pupils from Green House be elected a house captain & always hoped & wished it would be me one day. I would love to be house captain for St Thomas More for my final year at St Joseph's. I will be supportive to all members of green

house, I will always be there for you at playtime, I will also encourage & help us win any inter house competitions and maybe finally win Sports day this year. I know Green house already try their best every week but I think if everyone could try a little harder this year it could be Green

Houses year. I also hope to organise events so we can raise money to give to charity and for our school.

I hope my wish will come true.

Please vote for me!
